\*\*\*\*\* CERTIFICATE OF CONFORMANCE \*\*\*\*\*

"National Instruments (NI) hereby certifies that the NI part numbers and quantity of this shipment are in accord with the Customer's Purchase Order. NI further certifies that the product(s) is/are new material; that the product(s) has/have been inspected and tested and conform(s) to quality and performance standards as documented in the National Instruments Quality Management System (QMS), in conformance with the ISO 9001:2008 standard.

National Instruments further certifies that the environment in which the products were tested is maintained within the operating specifications of the instrument and the standards. If any product requires calibration, the instruments used to perform the calibration are traceable to the National Institute of Standards and Technology (NIST) and/or other National Measurements Institutes (NMI's) that are signatories of the International Committee of Weights and Measures (CIPM) Mutual Recognition Arrangement (MRA).

For questions or comments,  
please contact National Instruments Technical Support.

Signed,

*A. Krupp*

Andy Krupp  
Vice President, Quality and Continuous Improvement"

**CERTIFICATIONS** These items are controlled by the U.S. Government and authorized for export only to the country of ultimate destination for use by the ultimate consignee or enduser(s) herein identified. They may not be resold, transferred, or otherwise disposed of, to any other country or to any person other than the authorized ultimate consignee or end-user(s), either in their original form or after being incorporated into other items, without first obtaining approval from the U.S. government or as otherwise authorized by U.S. law and regulations. The commodities listed on this invoice are not to be resold or transferred without direct approval from National Instruments' Corporate Office, Austin, Texas, USA. The use or employment of these commodities in any activities related to nuclear, chemical or biological weapons or maritime nuclear propulsion is strictly prohibited without an export license from the United States government.

These product(s) may also be subject to additional license requirements of other countries' regulations such as the European Union Council Regulations No. 428/2009, the Malaysia Strategic Trade Act, and so forth. Additionally, these product(s) may also require export licensing before being returned to National Instruments. The issuance of a Return Material Authorization by National Instruments does not constitute export authorization.
